

Faculty-Led Proposal Forms

Once you have been given access to the OAKS Faculty-Led Study Abroad resource center, you are able to access the proposal forms.

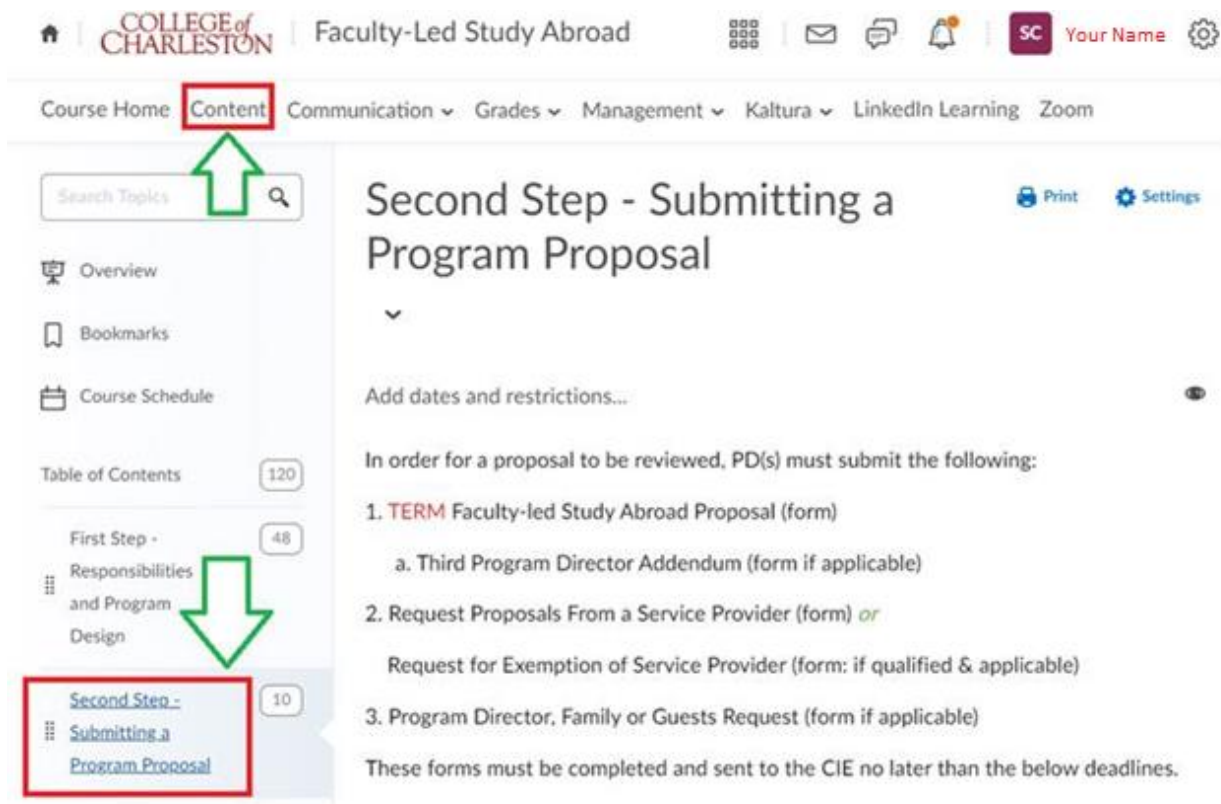

From your My.Charleston account, please select OAKS from the top section.

Once you are on OAKS you will need to click the little boxes on the top right-hand side. You will then be able to search/select Faculty-Led Study Abroad.

This will direct you to the Course Home page for the Faculty-Led Study Abroad where you will see a diagram of all of the sections and steps in the resource center. Once you click on Content you will be sent to the Table of Contents page.

Once you click on *Second Step* you will be brought to the section with the deadlines and the actual forms to download.
